Log Ref.	Location	Received Date	Details of Complaint/warning/summon and prosecution	Investigation/Mitigation Action	Status
W05	Lam Chak Street	10 June 2025	An anonymous complaint regarding muddy water flow out and hygiene problem caused by dump truck in/out at Lam Chak Street was received via 1823. The complainant claimed there was only one construction site at Lam Chak Street. Pedestrian walkway was concerned due to slippery road.	<ul style="list-style-type: none"> There is no direct evidence that the suspected muddy water was discharged from T2 construction site at Lam Chak Street. The following recommendations are made to contractor to further enhance the mitigation measures: <ol style="list-style-type: none"> 1. Wash out the yellowish water ponded next to site entrance; 2. Follow up the yellowish water leakage from the site boundary; 3. Conduct regular maintenance for wastewater treatment facilities to maintain the quality of effluent; 4. Conduct regular water quality monitoring. 	Closed

Remarks:

One (1) environmental complaint was received in the reporting period.

No environmental warning/summon and prosecution were received in the reporting period.

Environmental Permit No.: EP-451/2013
